

This appendix provides supplementary information for Section 2: The Planning Process.

Local Mitigation Strategy Task Force Meeting Scheduled

NOTICE OF PUBLIC MEETING

For Immediate Release

Date: September 3 2009

Public Notice is hereby given that the Jackson County Local Mitigation Strategy (LMS) Task Force will hold a public meeting on Thursday September 9 2009 at the Jackson County Emergency Operations Center located at 2819 Panhandle Rd in Marianna at 3:00PM. The purpose of this meeting is to organize the Local Mitigation Strategy Task Force in preparation for the annual update and begin working on the re-submittal of the Local Mitigation Strategy for Jackson County.

Jackson County in coordination with the county's eleven municipalities, the LMS Task Force and various members of the community developed a Local Mitigation Strategy in 1999. An update to the plan was issued to bring the Local Mitigation Strategy into compliance with the local hazard mitigation requirements of Section 322 of the Disaster Mitigation Act of 2000. The plan update was approved by FEMA in 2005. The current Local Mitigation Strategy approval will expire in 2010. The Local Mitigation Strategy is a plan developed with input from the community, business and industry and local government to guide and promote hazard mitigation activities in Jackson County. Actions include planning to reduce or eliminate long-term risks to people and property, the environment and financial investments and to manage post-disaster recovery. The plan must be updated and reviewed annually and re-submitted in total every five years to address the federal guidance promulgated as a result of the Disaster Mitigation Act of 2000.

Jackson County Emergency Management is requesting the participation of members of the public as well as community and business leaders to help review and implement the LMS. While Emergency Management will coordinate the plan, it is anticipated that there will be three LMS Task Force meetings to be held within the next two months to review the plan and provide input on projects and priorities.

A copy of the current Jackson County Local Mitigation Strategy can be found at the following web site:

www.drc-group.com/lms/florida/jackson

Residents of Jackson County are encouraged to visit the above web site to review the LMS and make comments on the document and to propose additional mitigation initiatives.

Review Mitigation Initiatives

Open Discussion

Jackson County Local Mitigation Strategy Task Force Meeting Minutes September 9 2009 3:00PM CDST

The meeting of the Jackson County Local Mitigation Strategy Task Force was held at the county's Emergency Operations Center in Marianna FL. The meeting began shortly after 3:00PM CDT with the meeting participants introducing themselves.

The following individuals representing various governmental and non-governmental organizations participated in the meeting.

Name	Agency	E-Mail
J R Moneyham	Town of Grand Ridge	townofgrandridge@embarqmail.com
Evan McAllister	David H Melvin Inc	evanmcallister@melvineng.com
Chip Wilson	Florida Division of Emergency Management	chip.wilson@em.myflorida.com
Robert Cox	Disability Resource Center	rccox66@drcpc.org
Al Green	Jackson County Road and Bridge Department	agreeen@jacksoncountyfl.us
Brenda Griffin	Town of Campbellton	tc32426@bellsouth.net
Rodney Andreasen	Jackson County Emergency Management Department	jcema@embarqmail.com
Chris Floyd	DRC Group	floydchris@aol.com

After the introductions Chris Floyd was introduced as the individual who will be leading the Task Force through the revision and up-date process. Chris is with the Disaster Resistant Communities Group in Tallahassee.

A brief review of the Task Force By-Laws was facilitated by Chris Floyd. During this review Chris pointed out that Rodney Andreasen is the current Chairman for the Task Force. However there was a need for the Task Force to elect a Vice-Chairman. Following a short discussion, Al Green was nominated as the Vice-Chairman. A vote by all of the Task Force members participating in the meeting was held with Al being confirmed as Vice-Chairman.

Chris Floyd then presented a short overview of the process that the Task Force will be working through over the next two months. These processes include:

1. A thorough review of the current Local Mitigation Strategy to ensure it is in compliance with the July 2008 FEMA Local Multi-Hazard Mitigation Planning Guidelines.
2. The revision of identified portions of the Local Mitigation Strategy not meeting current FEMA guidelines.
3. The evaluation of the current listing of Proposed Mitigation Initiatives to determine which have been completed as well as to identify new initiatives that will need to be ranked and added to the strategy.
4. A series of meetings that will be need to be undertaken as the strategy is reviewed and up-dated. The current schedule of meetings follows:

Event	Date / Time	Location
LMS Task Force Meeting	10/1/09 3:00PM	Jackson County EOC
LMS Public Hearing	10/19/09 6:00PM	Jackson County EOC
Final Draft	11/1/09 5:00PM	N/A

5. Posting the current LMS on the following web site:

www.drc-group.com/lms/florida/jackson

Posting the strategy on the internet will allow for enhance community participation in the review process as well as permit the Task Force and the general public to follow the review and revision process and make comments and recommendations on how the strategy can be enhanced.

6. Jurisdictional profiles were distributed to those jurisdictions that had representatives at the Task Force meeting. Chris emphasized the need for each jurisdiction to review and up-date their profiles as soon as possible. Those jurisdictions not in attendance will receive their profiles electronically for review and revision.

With the current strategy expiring in 5/17/2010 the Task Force will need to deliver a final draft of the up-dated strategy to the Florida Department of Community Affairs (DCA) by mid November 2009. This will give DCA and FEMA the necessary time to review and approve the final draft before the current strategy expires.

Rodney Andreasen and Chris Floyd then led the participants through a preliminary analysis of the current Proposed Mitigation Initiatives contained in the strategy. During this analysis a number of the initiatives were removed as having been completed or no longer relevant. In addition changes were made to several more.

In an effort to have the Task Force members look beyond the norm for new initiatives, Chris Floyd suggested that all of the members review the Proposed Mitigation Initiatives contained in the Jackson County Local Mitigation Strategy. It was agreed that this would be a good thought provoker. Chris is to share electronic copies of the Jackson County LMS with all Task Force members.

The meeting was adjourned at 4:47PM CDST

Local Mitigation Strategy Task Force Meeting Scheduled

NOTICE OF PUBLIC MEETING

For Immediate Release

Date: September 18 2009

Public Notice is hereby given that the Jackson County Local Mitigation Strategy (LMS) Task Force will hold a public meeting on Thursday October 1 2009 at the Jackson County Emergency Operations Center located at 2819 Panhandle Rd in Marianna at 3:00PM. Open Discussion

Jackson County Local Mitigation Strategy Task Force Meeting Minutes October 1 2009 3:00PM CDST

The meeting of the Jackson County Local Mitigation Strategy Task Force was held at the county's Emergency Operations Center in Marianna FL. The meeting began shortly after 3:00PM CDST with the meeting participants introducing themselves.

The following individuals representing various governmental and non-governmental organizations participated in the meeting.

Name	Agency	E-Mail
Nadine Long	City of Marianna	publicworks@cityofmarianna.com
Evan McAllister	David H Melvin Inc	evanmcallister@melvineng.com
Chip Wilson	Florida Division of Emergency Management	chip.wilson@em.myflorida.com
Al Green	Jackson County Road and Bridge Department	agreeen@jacksoncountyfl.us
Ed Kilpatrick	Town of Sneads	edkilpatrick@sneadsfl.com
Rodney Andreasen	Jackson County Emergency Management Department	jcema@embarqmail.com
Chris Floyd	DRC Group	floydchris@aol.com

After the introductions Rodney Andreasen turned the meeting over to Chris Floyd.

Chris then led the members of the Task Force attending the meeting through a review of the various portions of the LMS that have been completed. Everyone commented that the review and revision process continued to meet their expectations. In addition, members commented that they had been please with the way the web based mitigation portal had worked.

After completing a review of the LMS review / revision process, Task Force members began the process of scoring the 169 mitigation initiatives that had been proposed by various communities and residents of Jackson County.

At 5:17PM CDST the scoring was complete and a motion was made and seconded to adjourn the meeting.

Jackson County Local Mitigation Strategy E-Mail List-Serve Template

The purpose of this template is to provide a simple message that can be e-mailed to various community organizations, businesses and governmental agencies list-serves regarding community involvement in county's Local Mitigation Strategy review and revision process.
